The CPHA will host a Junior and Amateur Finals. There will be a two round competition with a third round of the top ten in each section. The first round will be held over an equitation type course, using primarily hunter type fences, the second round over a jumper type course and the third over an advanced equitation type course. Each round will progress with increased difficulty. Juniors and Amateurs **WILL NOT** necessarily jump the same course in each round.

A warm-up class will be held (non-judged) after which the rider will draw for the first round order of go. The 2nd order of go will be a jumper rotation. Three judges, who at no time will sit together, will score the finals. The

announcer will announce the score that is the total of the three judge's scores at the completion of the rider's Round One and Round Two. The announcement of the carry-over scores during the second and third round will be announced after the completion of the competitor's ride.

The third round will consist of the top ten total scores after the first two qualifying rounds. Those scores, with lowest going first, will determine the order of go. Only during the Third Round will individual judge's scores be announced. In the event that any rider is within three points of the top score, those riders along with the top score rider will be considered tied equally.
