

CPHA Style of Riding Jumper Championship Class 2018 (Northern and Southern)

Eligibility: The CPHA Style of Riding Jumper Championship Class is open to all Jr/Am riders who are current members of the CPHA, and whose trainers are current members of the CPHA. The rider must have competed in at least one CPHA Style of Riding Class during the current show year in order to qualify for the Championships.

Class Conditions:

- This class is a jumper seat equitation class held in the jumper ring over a course of fences set at 1.00m-1.05m in height with spreads to 1.15m, in a Table II, 2a format.
- The course must contain a triple or two double combinations and a Liverpool. The Liverpool may not be used in the combination. The course should be of the type used in a Children/Adult Jumper Classic.
- Time allowed will be calculated at 350 meters per minute.
- A jumper type horse and conventional jumper equipment will not be penalized and standing and running martingales **ARE** permitted.
- Draw reins and German martingales are **NOT** permitted.
- Any rider completing the first round without jumping and/or time faults **and** with a total score of **70** or better will come back for round 2 to complete a jump off/work off round.
- The jump off is judged in the same manner as the first round, with an emphasis placed on an efficient time saving pace and track. The judge's jump off score of the rider is added to their first round score and the rider with the highest cumulative score **and** the least faults is the winner.

Judging:

- The class will be judged under a modified Table II, 2a format with jumping and time faults being deducted from the rider's equitation score (4 points deducted for each rail down and 1 point deducted for each time fault).
- At the completion of the first round all riders with clear rounds (no jumping or time faults) **AND** a total score of 70 or better will come back to complete the jump off/work off shortened course.
- The jump off/work off will be scored in the same manner as the first round, with an emphasis placed on an efficient time saving pace and track. The judge's jump off score of the rider is added to their first round score and the rider with the highest cumulative score **and** the least faults is the winner.
- Time allowed will be based on a speed of 375m/m, in the Jump off round.

- The judges are asked to walk the course when possible and where there are striding options, the judges are asked not to penalize any option that might be used to achieve the best result appropriate to the track taken and the individual horse/rider combination.
- The judges will evaluate the rider's ability as a show jumping rider, and the manner in which the course was ridden regarding technical merit, judgment, and the execution of an efficient, time saving pace and track in meeting the specific challenges incorporated into the course by the course designer.
- The open numerical scoring system will be used, and the judge's score will be announced after each round.
- The remaining placings for the class (competitors not participating in the jump off), will be determined solely by the first round score (after deducting jumping and time faults), but regardless of clear rounds.

Start Order:

- Round 1 will be computer drawn, round 2 (The jump off round) will be from low to high from the Judge's score from the first round.
- Follow USEF Jumper Schooling Rules

There is to be no contact between exhibitor and trainer to either judges or course designer prior to or at the conclusion of any round without the specified technical delegate or show steward present.

Requests/Preferences from CPHA for the Style of Riding Championship Class.

- This class will be a highlighted event in the time schedule and arena placement.
- There will be a 1.00m jumper class in the designated ring for the Championships earlier during the horse show; this class may be open to everyone.
- If possible two judges sitting together will judge this class.
